play frisbee with one hand and baseball with the other while dressed in a t-shirt and shorts.

## Drugs set as topic for IBHE

By JEFF BRITT  
Staff writer

Eastern officials will discuss substance abuse in Illinois schools at an Illinois Board of Higher Education Conference Tuesday in Champaign.

The tragedy of basketball star Len Bias initiated the idea for the Presidents' and Chancellors' Conference on Illegal Drugs and a twin conference at the College of DuPage on Wednesday, said James Forstall, associate director of policy studies for the IBHE.

Representing Eastern at the Champaign conference will be President Stanley Rives, Housing Director Lou Hencken, Athletic Director R. C. Johnson and Student Body President Mike Madigan.

"It obviously exists," said Forstall in reference to substance abuse.

"Are students abusing substances? Yes. That includes alcohol. We're going to have a heavy interest on drugs, but alcohol is included," Forstall said.

"This is an educational conference," he said. "The general assembly said we should have a conference of this nature."

Medical experts in the field of substance abuse are scheduled as guest speakers at each conference.

"I struggled to get that group," Forstall said in regard to the guest speakers. "They're a pretty powerful class of people."

The general assembly submitted a resolution urging the presidents to meet in a summit conference, said Jack Bleicher, vice chancellor for legal and student affairs for the Board of Governors.

"They want to discuss some of the legal issues," Bleicher said, "particularly those that pertain to drug testing."

Bleicher said later in the conferences participants will divide into small groups. He and others will try to motivate the groups to conceptualize ideas for "effective campaigns on campus."

They'd also like to obtain "ideas about how to be more effective about educating students in illegal drug

(See IBHE, page 7)

## Student Senate considers referendum for fee-supported recreation complex

ERIC WEDEKING  
Government editor

The idea of a student activity fee-supported recreation center was produced at last week's Student Senate meeting.

Student Body President Mike Madigan senate members he discussed the idea of a recreation center for students with Eastern President Stanley Rives last week along with Area Head Bill Clark's employment status.

Because a "student all-purpose recreation center" facility can only be built for through an increase in student activity fees, Madigan said he is considering a referendum to find if students are willing to pay for a recreation center.

Madigan initiated the idea because

he believes Eastern has inadequate and over-used facilities for student recreational and athletic use.

Neither Madigan nor Rives could be reached for comment on further proposal details Sunday.

In other business, Madigan announced that Rives suggested establishing a "community/student relations committee" because "the town and gown situation is getting worse."

After Rives suggested the committee, Madigan said he agreed Charleston/Eastern relations are not what they should be and referred the matter to the senate for consideration.

Senator Dan Beeman's bill was approved which will allow students to use raquets supplied by the athletic

department for raquetball.

Beeman said the athletic department "had in the past" let students use raquets, but people took advantage of the situation. The bill requests "that those raquets used for gym classes be available for students to rent."

In other legislation, a proposed by-law addition to the senate constitution was tabled for one week.

The addition would create a new internal affairs committee for the purpose of "following up on all (senate sponsored) bills and resolutions."

In committee reports, Student Legislative Chair Bill Helmbacher said his committee has contacted Charleston Mayor Murray Choate for a meeting in attempt to "improve relations."

## Student Senate seeking to fill 14 empty board seats

KIM MIKUS  
Staff writer

Students who are tired of sitting in their rooms and doing nothing to do and want to participate in a campus activity may find their opportunity with student government.

Currently there are 14 vacancies on various campus boards which student government is trying to fill with interested students.

Participating on one of these boards does not take a lot of time. Some boards only meet once a semester, while some meet once a week or bi-weekly," said Teresa Papa, executive vice president.

Being involved and participating in campus activities are two advantages of serving on a campus board, Papa said. The job also provides experience which will aid in a career and can be used on a resume, she said. Board vacancies are open in almost every area, she said.

For those interested in physical education, there are two positions open on the Sports and Recreation Board. This board reviews and governs all areas of the university intramural and recreation programs which receive student activity fees, Papa said.

There is also an opening on the Intercollegiate Athletic Board. This board serves in an advisory capacity to Eastern's athletic department.

The student legal services board has two vacancies for students interested in political science. The function of the board is to serve in an advisory capacity for the legal rights of students.

If students are interested in journalism, English or speech communications, the Publications Board has one vacancy, Papa said.

The Performing and Visual Arts Board is for those interested in music, theater arts and art. There is one vacancy on this board, which governs and coordinates the area of general music, theater

and art.

The Health Services Board, which also has one vacancy, is geared for students with medical technology, science and health education majors. This board governs and budgets the university's Health Service and reviews complaints and suggestions regarding the facility.

Two positions are available on the Housing Board. This board studies the budget for the residence halls and makes recommendations.

The Union Board has three vacancies. It serves in an advisory capacity to the University Union, which also reviews the student government budget.

Any student interested in applying for any of these board positions should contact Papa or Student Body President Mike Madigan in the student government office in the Union.

"We are really looking for interested students to fill these board positions," said Papa.

## State/Nation/World

## Colleges unproductive: Bennett

WASHINGTON—Education Secretary William Bennett, defending plans to make major budget cuts in higher education, claims that colleges are unproductive because half of all college students drop out.

But educators call his criticisms misleading and inappropriate, and there appear to be no statistics that entirely support Bennett's claim.

"We are concerned about productivity. Almost half the students who enter four-year programs . . . do not complete those four-year programs. We think that's a problem," Bennett told a House Appropriations subcommittee last Wednesday.

A day earlier, after the same point to the House Budget Committee, he asked, "What kind of movie is it we're running that people want to leave halfway through?"

An incomplete analysis by the department's Office of Educational Research and Improvement indicates that 50 percent to 60 percent of students who started four-year programs in 1980 finished them in four years—compared with 19 percent in 1976.

Jay Noel, a program analyst in the department's planning and evaluation service, said those numbers show a "deterioration of college attendance, graduation and completion" that concern Bennett.

## Steen: Hostages will be killed if Israel doesn't release 400 Arabs

BEIRUT, Lebanon (AP)—An American hostage said in a videotape dropped off by his kidnappers Sunday that he and three other men, including two Americans, will be killed if Israel fails to release 400 Arab prisoners within 24 hours.

A six-minute videotape showing Boston native Alann Steen, 47, was delivered to a Western news agency in the name of Islamic Jihad for the Liberation of Palestine, which kidnapped Steen and three others from the campus of Beirut University College on Jan. 24.

The group's other hostages are Robert Polhill, 53, of New York City; Jesse Turner, 39, of Boise, Idaho; and Mithileshwar Singh, 60, a native of India and resident alien in the United States.

Israel indicated Sunday it was willing to discuss the swap of an Israeli airman missing in Lebanon for the release of the 400 Arab prisoners, a proposal advanced Saturday by Nabih Berri, head of the main Shiite Amal militia and Lebanon's justice minister.

However, Israeli officials said in Jerusalem they would not respond to an ultimatum and

would not conduct such talks in public.

Under Berri's proposal, all foreign hostages also would be released in Lebanon by the various extremist groups holding them.

Berri, meanwhile, backed away Sunday from an earlier weekend statement that Anglican Church hostage-negotiator Terry Waite would be freed by Monday, now saying the release would take more time. Waite has been missing since Jan. 20.

A weary-looking Steen, reading from statement in a monotone, said on Sunday videotape; "If our lives are important to America, it must order Israel to release the 400 Palestinians as soon as possible—that is Monday as a maximum.

"We also tell America that if it commits any stupidity, we will be prone to be killed. Besides Americans in the whole world will be the victims of our administration's stupidity.

"They (the captors) do not fear death because they perceive it as the start of their life, in other words, America can't scare them through its military actions," the statement said.

# Music lovers pop for art in weekend Dvorak show

By ROBB MONTGOMERY  
Staff writer

The "Music Pops for Art" benefit concert Friday and Saturday filled Dvorak Concert Hall with a variety of musical numbers for the standing-room-only crowd to hear.

Performances were as diverse as the EIU White Lightning Drum Line, which marched down the aisles pounding out the theme of "Miami Vice", to the Baroque stylings of the String Orchestra, which featured Timothy Lane on flute.

Host Sal Viviano, an Eastern graduate who made his mark on the soap opera "Ryan's Hope," along with his two female assistants "Sissy Sue" and "Bambi Rae," kept the evening flowing between performances and through numerous set changes.

Viviano also sang several songs from musicals during his guest performance.

Eastern music students Charlean Hines and Derek Alexander sang solos with the Jazz Ensemble. Hines sang a Whitney Houston song entitled "Saving All My Love For You" and Alexander sang a Billy Joel number called "Tell Her About It."

Eastern Music instructors George and Karen Sanders performed an intricate piano duo entitled "Variations on a Theme by Paganini," which Viviano later called "my new personal favorite."

A newly formed music group called "EIU Collegians" performed uplifting show tunes and ended the evening's musical extravaganza with a heartfelt rendition of the "Battle Hymn of the Republic."

In a short speech, Eastern President Stanley Rives explained the purpose of the event. Proceeds from "Music Pops for Art" will be used to help building to provide art studios for graduate students and art department faculty. The Saturday night concert was expected to raise enough money to pay for one out the 20 art studios the building will house when completed.

In addition to being able to hear good music, audience mebers had a chance to take some art home with them. Two works of art, donated by Tamara Bouge Voris, were given away midway in Saturday's performance by a random drawing of ticket stubs.

# Snow removal ordinance may be safer route

With recent warm weather, mounds of snow may seem like nothing to worry about. But as sure as March follows February on the calendar, Charleston will see more snowy winter weather.

With winter weather comes snow plows, icy streets and heaps of snow that block roadways and sidewalks hampering travel for all. And like Charleston resident Charlie Goodman recently said, city officials need to take action against business that insist on piling snow over sidewalks which makes it almost impossible for pedestrians to safely pass.

On Jan. 30 Goodman presented his grievances in the form of a citizen's complaint against Hook's Drugs, 420 W. Lincoln, for removing snow from its parking lot and placing it in large piles on the sidewalks making it impossible for him and others to pass by the property without walking on Lincoln Avenue.

Armed with pictures, Goodman cited an ordinance in the Charleson city code to Associate Judge Ashton Waller that makes it unlawful to place "injurious material on public thoroughfares." The ordinance also prohibits "allowing" an injurious material to remain on a thoroughfare.

We believe, along with Goodman, that piled snow could easily be considered an injurious material. Although the city attorney says this ordinance was not originally created to cover the removal of snow, a law should promptly be made prohibiting any business from piling snow on public walkways and making them impassable for pedestrians.

Winter is a potentially dangerous season. City officials need to take all necessary steps to provide safe areas for pedestrians to travel during the winter. Huge mounds of snow piled on public walkways forcing pedestrians to use the street don't make for safe winter ambling.

Waller said he did not rule in Goodman's favor because he did not have sufficient evidence for probable cause in the case. Waiting until an accident happens and someone is injured before making an ordinance to prohibit businesses from piling snow on the walks is not good measure.

Before old man winter storms into Charleston again, city officials should make our town a safer place for pedestrians and create an ordinance to prevent pedestrians from using streets for their winter travel.

## Your turn

### Clark case unworthy front page coverage

Editor:

I was very disappointed that *The Daily Eastern News* has seen fit to make front page news out of an incident that appears to have been a lover's quarrel. I wonder how many of Eastern's employee's would be jeopardized by full public disclosure of their personal lives.

Has *The Daily Eastern News* declared open season for every long-suffering spouse, vengeful ex-spouse, or spiteful lover to make public all indiscretions committed by any and all individuals employed by Eastern? If so, I'm sure that there are plenty of people who feel genuinely wronged and would enjoy taking a shot at ruining a career. It seems an irresistible offer when you consider that you can accuse and injure and that your name doesn't even have to appear in print.

Gail Black

### Eastern's approach to Clark questionable

Editor:

What is Eastern's stance on harassment? Eastern gives "compensated leave" to Bill Clark who not only is accused of harassment but was caught in the act of harassing an Eastern student.

In my opinion, any woman who turns in a harassment complaint against a teacher or administrator here at Eastern may be doing the guy a favor. He gets a vacation with pay. Clark was

arrested, he broke the law and Eastern compensated him. What does that say about Eastern?

Susan Rossbach

### Paper needs broader perspective of news

Editor:

As liberal arts majors, my roommate and I are disappointed that a university sponsored newspaper is unable to provide adequate coverage of the international and national news events. While local news has merit, it seems to us that world events should take precedence as they are more important. For example, President Reagan's State of the Union address was virtually ignored in favor of a campus event.

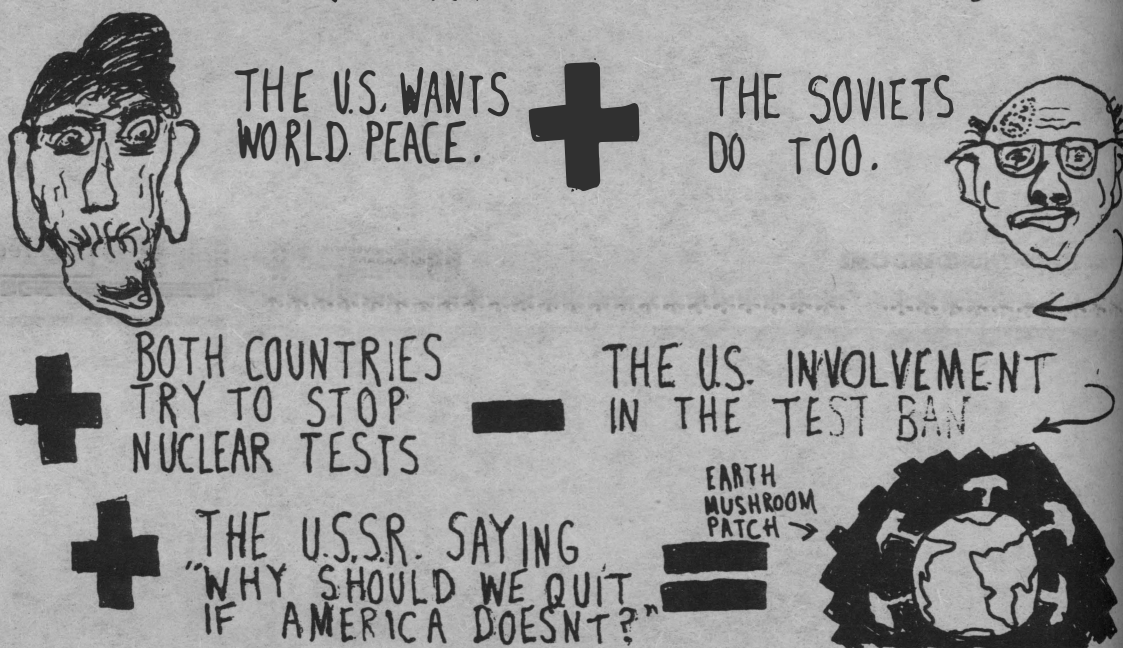

In addition to the limited coverage of world news we are subjected to the inane and violent "Chanelle's Daily" comic strip. This strip is an insult to anyone's intellect and to the female student body in particular. Also the columns devoted to A.L. Landers and Jean Wright perhaps would be better devoted to commentary upon current events by qualified columnists, resident professors, and/or U.S. senators (for example, Paul Simon has a 32nd column).

While we appreciate local event coverage, we feel that international and national news should be of at least equal importance. The hard work of the newspaper staff deserves praise but we simply feel that an adequate awareness of world events is necessary for any college student.

John Preston  
Ronald S. Tulin

### A VERY SIMPLE EQUATION:

MATHEMATICS  
BY DANE

### Becoming acquainted with color TV

I've got a new television. Just a humble 13-inch TV. Actually quite diminutive by today's ultra-maximum-projection-big screen-quadrophonic-coffee-making standards. However, it's got two things I've never had in a television before—color and, praise Zenith, remote control.

After 24 years of steady black-and-white viewing, I am ready for color. No more wondering about the green and white stripes of Irish Spring soap. No more torturous announcers who describe the progress of boxing matches only in terms of the color of fighter's trunks. And best of all, no more smiley-faced weather saps bragging about their "color weather radar".

Perhaps I should divulge the fact that I never had color TV at home when I was a kid. When color television first came out there was a lot of talk about its potential health hazards. My mother was quite convinced that color TV would do nothing but spew radiation onto her beloved brood. And not wanting a house full of balding three-eyed children, Mom refused to let Dad get a color set.

Despite my parents' early fears, color television has not caused any genetic mutations. In fact it may have improved my general mental health. I no longer wonder why they call Alabama the "Crimson Tide" or Frank Sinatra "old blue-eyes." Yes sir, I am now part of the mainstream color-watching public. Yet membership in this spectral society has its own

Doug  
Wermedal

special set of problems.

Black-and-white viewers remain blissfully ignorant of "fleshtones." I have tried tirelessly to get the fleshtones properly adjusted on my set, yet I either end up with a sort of cadaverous-peach hue or an interesting shade of lime that is especially useful during Star Trek.

Remote controls present problems too. Like, for instance, once I tried to turn on the TV with a calculator. And I personally know of no greater threat to weight loss, outside of Twinkies, than the fabled remote control. My wife has fun with it too. She tried the mute button on me several times—that's God my system is not compatible.

Perhaps the greatest shock for the first time color viewer are the close up head shots of John Madden. Now don't get me wrong, I have nothing but a healthy respect for Mr. Madden's announcing ability and the vigor he brings to the broadcast booth. However, a color close up of Madden in the throes of one play analysis fits can be psychologically scarring for the unprepared black-and-white viewer. It's the camera man's fault too, because chest shots of Madden make the man appear quite normal. It is the tight shots of the excited Madden that give him the sort of "Jabba the Hut" quality that makes color viewing aesthetically unpleasing.

For all its perils I still prefer color television to the antiquated black-and-white mode. For those of you who find a certain nostalgic charm in the mildly muted shades of gray that comprise black-and-white television I apologize, but I, thanks to Mom, Dad and a considerable degree of whining, am now part of the color generation.

—Doug Wermedal is a graduate student.

# Black family talk planned Monday

By JEFF BRITT  
Staff writer

A lecture will follow the presentation of P... Moyer's documentary "The Vanishing Black Family: Myth or Reality," as a part of the Black History Month line of activities.

Essie Rutledge, a professor of sociology from Western Illinois University, will give the lecture following the one hour-long film at 7 p.m. Monday in the Union addition Arcola-Tuscola Room.

"The lecture was precipitated by a CBS prize-winning documentary on a black family in urban New Jersey," said Johnetta Jones, director of Afro-American Studies.

## Black History Month

# Court date arrives for three frat members

By STEVE SMITH  
Campus editor

The preliminary hearing for three Eastern students accused of vandalizing the former Phi Sigma Kappa house is scheduled for 9:30 a.m. Monday in the Coles County Circuit Court.

The three former Phi Sigma Kappa members, sophomore Chris Lesniak and juniors John Emperer and Todd Dart, will appear in court Monday to face a criminal damage to property charge for allegedly vandalizing the fraternity house, 1509 S.

Second St., on Dec. 19.

More than \$3,000 worth of damage was done to the fraternity house in December, police reported. Charleston Police Chief Maurice Johnson said windows in the house were broken and a trophy case inside was also damaged.

The Phi Sigma Kappa fraternity lost its charter and was disbanded by its national chapter after a woman reported to police that she had been left handcuffed to a stairwell for several hours at the fraternity following a party Oct. 1.

Other Black History Month activities this week are:

- "Eyes on the Prize," a videotape depicting parts of the civil rights movement at 7:30 p.m. Wednesday in the Booth Library Lecture Hall.
- Black history exhibit displaying prominent people who played an important role in America's black history through February 28 in the North entrance of Booth Library.

Life skills

# Jealousy workshop set

By CRAIG EDWARDS  
Activities editor

Jealousy will be the topic of a life skills seminar sponsored by the Counseling Center at noon Tuesday in the Union addition Oakland Room.

Counselor Eleanor McCabe said she will begin the workshop by handing out a questionnaire so students can get an idea of how their own jealousy develops and how it affects relationships. "After they identify that, we will take a look at where it comes from," McCabe said.

She said students need to find out what generates jealousy and what can be done to control it. "It (jealousy) has a lot to do with oneself, not others," McCabe said, adding people need to learn how to limit their own jealousy and not spark jealousy in others.

MCCabe said the workshop will

also give some helpful suggestions on how to prevent jealousy. "Jealousy can be very destructive and emotional," McCabe said, adding that learning how to prevent it is the best approach.

However, she said jealousy is a difficult emotion to prevent. Learning how to manage it would be a step in the right direction.

MCCabe, who led a similar workshop last year, said she will distribute a bibliography for those students interested in reading further on the topic.

"I have completed a good deal of research on the topic by reading and pulling resources together," McCabe added.

She said the workshop setting, rather than a lecture, will give the participants an opportunity to become more involved with the topic.

## IBHE

from page 1

abuse," Bleicher said.

Topics discussed at the meeting will include:

- Illegal drugs and their effects
- The long-range effects of cocaine
- What happens to the body?
- The technology of drug testing
- The constitutionality of drug testing

•Impact of substance abuse on athletes

"There's a trend now to test athletes for use of illegal drugs. I don't think illegal drugs are a big problem here at Eastern," said Madigan, "but it's one that definitely exists."

Madigan said he hopes the conference will give the knowledge required to keep drug abuse to a minimum. "And by gaining information about dealing with illegal drugs," Madigan said, "We can hopefully keep it from becoming a significant problem here at Eastern."

In addition to university administrators, athletic teams will be represented at the conference.

Glenn Williams, Eastern's vice president for student affairs, will be unable to attend the conference because he will be recruiting graduate students. Williams will be replaced by Hencken.

Following the conferences, the IBHE plans to develop a report summarizing the event.

A Different Kind Of Convenience Store

# Central Stores offers more than supplies

By GREGORY SHANE-HIMEBAUGH  
Staff writer

People who telephone Eastern's administrative services office may be puzzled when they hear someone answer with "Central Stores."

"We answer the phones saying Central Stores," said Administrative Services Director Dave Dean said. "Central Stores is something of a misnomer of the variety of campus services we provide."

Central Stores, one of the many functions of administrative services, is known by most faculty and staff as the campus service that orders and sells office supplies for the various departments.

"We sell 400 different office supplies. We serve

as an office supply store, you might say," Dean said.

Unknown to most, however, this is only one of the diverse services provided by administrative services, he added.

Presently, it is handling the project of replacing the current campus dial phone system with a touch-tone feature system, said Dean, who is also chair for the campus telecommunications committee.

Administrative services is also responsible for the oversight and maintenance of university lounges. Revenues from vending machines are used to support lounges in the academic buildings

on campus.

"Another of our functions is keeping inventory of all fixed assets of the university," said Dean. We keep tabs on the buildings owned by Eastern and also distribute and tag university furniture and equipment, he added.

Administrative services also operates the university vehicle and fleet services. It keeps two mechanics busy repairing and maintaining the various vehicles owned by the university, Dean said.

In the small building behind O'Brien Field, administrative services, with its staff of 17 full-time employees, circulate the university's mail.

# Professional saxaphonist, instructor to play in recital

By CHRIS DEMAY  
Staff writer

Eastern saxophone instructor Dan Goble is scheduled to perform a jazz recital at 7:30 p.m. Tuesday in Dvorak Concert Hall.

Accompanying Goble in his first recital of the semester will be Al Horney, trombone; Gary Doudna, piano; Jon Schwabe, bass; and Marvin Sparks, drums.

Goble came to Eastern from Boulder, Colo., where he was an active professional saxaphonist and a winner of numerous competitions and awards.

Equally proficient in both classical and commercial idioms, Goble has

appeared with such artists as Mel Torme, Steve Lawrence, The Temptations and Bob Hope.

Goble has also performed with touring productions of "Cats," "Forty-Second Street" and "West Side Story."

In reference to how he was able to play with such big name stars and productions, Goble said, "Being at the right place at the right time was more or less the key. Good experience like that doesn't come around very often."

The program will consist of the music of Bill Evans, Dave Brubeck, Don Grolnick, Mike Maineiri, Jon Schwabe and John Coltrane. The open to the public free of charge.

## Not guilty plea entered

By CHRYSTAL PHILPOTT  
City editor

An area woman, charged with taking her 2-year-old son from his father, pleaded not guilty to child abduction charges this week in Coles County Circuit Court.

Kim Renfro, 35, after separating from her husband Lawrence, allegedly took their son Michael from their Humboldt home and moved to Virginia on Aug. 4 or 5.

The case qualified as a child abduction case when the woman allegedly kept her son from his father for more than 15 days, failing to notify him of the child's whereabouts or to set up visitation rights.

Renfro has been released on her own recognizance and given permission by the court to return to Virginia for work purposes.

"I believe at this time the child is with the father," said Nancy Owen, Coles County State's Attorney.

Owen also said the only thing which will be decided at the March 3 trial is whether Kim Renfro is guilty of child abduction.

"The custody (of the child) is a civil case. It will be going on separate from the child abduction case," Owen said.

Child abduction is a class 4 felony and punishable with one to three years in prison and a fine of up to \$10,000.

## Two-mile

from page 16

standard set at the beginning of the season. The Panthers led off with Conlon, who jostled in the early traffic and found himself at the head of a pack which was under schedule to qualify for the nationals.

After the first handoff, Phil Maton took Eastern to fourth place behind Illinois, Illinois State and Notre Dame.

Oaks ran the third leg and held his ground in Wisconsin following close behind.

The anchor leg was run by Jim Maton, who brought the Panthers within one second of third. Notre Dame and left Wisconsin behind, which was nearly 12 seconds back.

"We're so close, but yet so far," Moore said. "After the McArthur, we will return," said Panther coach Neil Moore, who will take his troops to Illinois on Feb. 21 for the Domino's Pizza Classic.

"We were so close, but yet so far," Moore said. "We've not lost hope."

freshman high jumper Mike Hamman took off with a jump of 6-8¼, but missed at an attempt at 7-0 after skipping his turn at 6-10.

"It was a tactical move," said Moore, who thought that Hamman would be fresher by skipping 6-10, especially after his near miss at 7-0 Friday night in Lantz Fieldhouse.

"It's only a matter of time (until he clears 7-0) but he is going to have to jump 7-0 to win the conference," Moore said.

Jim Maton also set his third school record in three weeks by winning the 880-yard run in a time of 1:51.12 as he passed unattached runner Mike Elliot on the final straightaway. The previous Eastern record (1:51.7) was set by Paco Morera in 1976.

"Jim is establishing himself as the most outstanding middle distance runner in EIU history," Moore said. "He's in there to run to win and he's very intense," said Moore, who added that Maton had called assistant coach Tom Akers late Friday night to express his nervousness about Saturday's meet.

"It was a great day for Jim Maton to come back and after the (two-mile) relay and win the 880,"

Moore said.

Other Eastern finishers at the Illini Orange and Blue Open were: Jeff Gennarelli, fifth in the shot put (52-5½); Dan Matas, sixth in the shot put (51-3); Ian Isaacs, fourth in the 440-yard dash (50.21); Darnell Thompson, fifth in the 440 (50.31); Robert Flot, fourth in the 60-yard high hurdle finals (7.87); Phil Maton, third in the 1,000-yard run (2:12.89); Fred Neal, sixth in the 500-meter run (1:04.96); Derrick Lee, sixth in the triple jump (44-½); Scott Stecken, fifth in the high jump (6-5); and Don Johnson, fourth in the 880-yard run (1:58.73).

In Friday's action, Eastern posted 10 first places in 17 events. Dan Matas (35-pound weight throw and shot put), Don Johnson (600-yard run), Mike Young (1,000-yard run), Eric Childs (60-yard dash), Mike Hamman (high jump), Darnell Thompson, (300-yard dash), Vinnie Wadebey (440-yard dash) and the mile- and two-mile relay teams were victorious.

Pole vaulter Bob Holzer also bested his previous vault of 14-0 by clearing 15-0.

# Jarris' wins ignite lady tracksters

By JOHN PLETZ  
Staff writer

If coach John Craft and the Eastern women's track team awarded a medal of honor for running above and beyond the call of duty, senior distance ace Janine Jarris would have gotten two Saturday.

Jarris was victorious in three individual events as well as anchoring the two-mile relay team. The senior won the two-mile, mile and 600-yard runs.

"Janine Jarris, she ran the most of anyone and she ran very well," Craft said.

Although the Panthers' numbers on the roster were small, there was nothing Indiana State could do to stop the Eastern women's track team from stockpiling big numbers on the scoreboard as the Panthers easily ran away with a quadrangular victory at Lantz Fieldhouse.

Eastern tallied 74 points while Indiana State, the Terre Haute Track Club and Principia College finished with 64, 23 and four points, respectively.

The Panthers relied on the outstanding per-

formances of Jarris, Lauren Lynch, Lorry Plutz and Valeta Strickland who all notched first-place victories while contributing 40 points to the Panther cause.

Although Eastern was blanked in the high jump and triple jump, Strickland, Debbie Zubick and Kristi Baum swept the shot put competition to made up the difference.

Strickland remained undefeated with a personal best effort of 46-5¼, while Zubick also turned in her best performance of the season with a throw of 43-7¼.

Like Jarris, Lynch, a senior long distance runner, competed in some new events Saturday, namely, the mile relay. Lynch, who normally doesn't run any distance less than the half-mile, ran a quarter-mile leg in the mile relay and helped to set a season-best of 4:10.3.

"It's nice to try something different," Lynch said, "otherwise, you get kind of burnt out. I've been running the half-mile every week.

## Southern...from page 16

She kept Bonds off second-effort boards that she is so good at," Hilke said.

The Panthers shot 43 percent from the field for the game and were out-rebounded by the Salukis 37-31.

Eastern will be back in action Thursday night when it hosts Illinois State at 7:30 p.m. in Lantz Gym.

### Eastern (55)

# Wrestlers tip Illinois State 24-12 in dual meet

By MIKE NELSON  
Staff writer

Eastern's wrestlers got back on the winning track in dual meet action, as they defeated Illinois State 24-12 Friday night in Lantz Gym.

The win evened the Panthers' dual meet record at 4-4.

Although Eastern won seven out of the 10 weight classes, coach Ralph McCausland was a little disappointed about his teams lackluster performances. Three out of the seven match victories were by one-point margins.

"We came through in some close matches," McCausland said. "We didn't wrestle with any intensity tonight."

The Panthers won the first five weight classes to take a commanding 5-0 team lead. Craig Sterr (118) started out the meet with a 9-8 decision over Illinois State's John Chapman. With the win, Sterr improved his individual record to 21-6.

Pat Flynn (126) and Dean Souder (134) helped the Panthers increase their team lead to 9-0 with wins. Flynn edged out Jay Jenson, and Souder shut out Nico Ross 4-0.

In the 142-pound class, Eastern's Terry Boes came from behind to beat Illinois State's Eric Zietler 8-7. After Boes took an early 2-0 lead on a take-down, Zietler came back with an escape and a takedown followed by a two-point near-fall to take a 5-2 lead going into the second period.

In the final period, Boes scored on an escape then a take-down to take a 6-5 lead. Boes sealed the victory with a take-down with time running out in the match.

Eastern freshman Todd Matichak (150) came through with an 11-8 decision over Peter Slabick. The win made the team score 15-0.

After losses in both the 158-pound and 167-pound weight classes, Eastern's Marty Molina (177) posted a 9-4 win over Mark Mammen. Molina holds the Panthers second best record at 22-9.

Eastern had to forfeit in the 190-pound class. And Illinois State forfeited the heavyweight bout.

"We're going to have to work hard this week to get our intensity up," McCausland said. "We're definitely going to have to wrestle better on Tuesday night against Edinboro

JON SALL / Assistant photo editor

Eastern wrestler Pat Flynn attempts to throw Illinois State opponent Jay Jenson in the 126-pound matchup Friday at Lantz Gym. Both Flynn and the Panthers were victorious in the match against the Redbirds.

State. Tonight we just didn't seem like we were ready. We just didn't have any intensity."

The Panthers will host Edinboro State in a dual meet at 7:30 p.m. Tuesday in Lantz Gym.

## Alford propels Indiana to 83-67 victory over Michigan

BLOOMINGTON, Ind. (AP)—Guard Steve Alford scored 30 points Sunday, including 16 of Indiana's during an eight-minute first-half streak that carried the No. 2-ranked Hoosiers to an 83-67 Big Ten Conference basketball victory over Michigan.

With Alford scoreless the first nine minutes of the game, the Hoosiers struggled and never led by more than two points.

But Alford hit five of his next seven shots, including a pair of 3-point goals, and the Hoosiers moved to a 41-29 halftime lead.

Indiana, 10-1 atop the Big Ten standings and 19-2

overall, quickly built the lead to 17 points early in the second half, and Michigan never came closer than 10.

### Kansas tops Irish

Danny Manning had 28 points and sparked a quick getaway that propelled Kansas, which scored 21 of the game's first 23 points, to a 70-60 win over Notre Dame.

The Jayhawks, 18-5, extended their homecourt winning streak to 46 games with the win. Coach Larry Brown also picked up his 100th career victory

at Kansas.

### Reid leads UNC

Freshman J.R. Reid scored 21 points, including a three-point play with 1:36 left in overtime, to boost third-ranked North Carolina to a 74-73 victory over Virginia.

Reid hit a jumper inside the lane to break a 71-71 tie and was fouled by Mel Kennedy. The free throw put North Carolina ahead 74-71, and John Johnson's basket with 47 seconds left pulled Virginia within a point.

# Cagers drop Western halt losing streak at 8

By JOHN STROUD  
Associate sports editor

Eastern's men's basketball team made 11 of 14 free throw attempts in the final five minutes to pace the Panthers by Western Illinois 76-68 Saturday at Lantz Gym.

The win is the first for the Panthers in the AMCU-8 Conference and breaks an eight-game losing streak. Eastern, 6-13 overall, and Western, 11-9, both go to 1-6 in the conference.

Eastern coach Rick Samuels thinks the win is the confidence-builder the Panthers needed, and with a road game at Illinois-Chicago Monday night, he hopes some momentum will carry over.

"Obviously a win is very pleasing at this point," Samuels said. "We got some confidence back. It cures some ills, but we've got to keep moving."

Down 60-59 with 4:43 remaining in the game, the Panthers capitalized on seven Leatherneck fouls in the final minutes.

Tony Hemphill got the rebound basket off Dave Vance's free throw miss with 3:57 left to put Eastern up 64-60. The Panthers followed with 10 free throws on 11 attempts to seal the victory.

The Panthers were 73.5 percent from the free throw line on the evening.

"We played with a lot of confidence," said Vance, who finished with 13 points. "We made the big plays—something we haven't done in the last 10 games or so. I'm sure all of us individually can pick ourselves up after a win like this."

Jay Taylor led the Panthers in scoring with 25 points while Hemphill added 13 and Evans had 11. Eastern was well above its shooting average as the Panthers hit 58.1 percent from the field.

"We felt confident (going into the game), and we just continued to play hard," Taylor said.

Samuels was particularly pleased with the fact that the Panthers overcame the same self-destructive adversity that has been a factor in virtually every loss this season.

Early in the first half, the Panthers looked to be on the same course as the previous eight games as the Leathernecks opened up a 13-4 lead in the first seven minutes. But a determined Eastern team came back to tie the game at 23-23 on a pair of Norm Evans free throws at 5:31. Western held a 34-33 edge at the intermission.

"In the second half we started to show some of the same self-destruction that we showed earlier and we fought back," Samuels said.

"Out of (the win) we saw some good things that we've been looking for all year—kids going after some plays that needed to be made. We showed some versatility in our offense, and we just looked sharper out there," Samuels added.

The Panthers only had one day to prepare for a powerful Illinois-Chicago team which holds the second position in the conference standings behind Southwest Missouri. The Flames defeated Eastern 89-69 at Lantz three weeks ago.

However, Samuels thinks it might be to the team's advantage to jump right back into competition coming off the win.

Samuels also knows a strong defensive effort by the Panthers against Western has to continue against Illinois-Chicago.

"We sucked it up defensively, and made it harder for them to score," Samuels said of his team's effective containment of the Leathernecks.

"We gave up some things, but we battled. We made it difficult for them, and that was the key thing. It showed that we were not going to give up," Samuels said.

## Two-mile relay squad falls shy of NCAA mark

By BARRY BOTTINO  
Staff writer

CHAMPAIGN—Saturday posed the perfect opportunity for Eastern's two-mile relay team to qualify for the NCAA Indoor Championships.

Running against some of the best two-mile teams in the Midwest (Illinois State, Illinois, and Notre Dame) at Champaign's Armory, where a school record was set two weeks prior, was definitely a big advantage.

The team of Steve Conlon, Phil Maton, Al Oaks and Jim Maton was also rested at Friday night's meet in Lantz Fieldhouse.

However, despite breaking the Eastern record for the second time in two weeks, the team failed to crack the NCAA qualifying time.

The Panthers finished with a time of 7:32.33, smashing the school record by almost four seconds, while Illinois and Illinois State both qualified with times of 7:27.99 and 7:28.20, respectively. The NCAA qualifying time was recently updated to 7:29.80 from the previous (See TWO-MILE, page 13)

# Southern upends lady cagers 70-55

By MIKE FITZGERALD

Eastern's women's basketball team came close on Saturday to ending Southern Illinois' domination over the Panthers, but a Salukis scoring run ended any hopes as Southern beat Eastern 70-55.

The Panthers, who had played the Salukis close much of the game, got within 37-36 with 14:22 left in the game, but then Southern went on a 23-6 run to pull away.

"I thought we had a good overall effort, but it was disappointing not to come out with a better score and, obviously, a win," Eastern coach Bobbie Hilke said.

The Salukis won their 31st straight Gateway Conference game and their 26th straight at home.

Southern raised its conference record to 12-0, while the Panthers fell to 6-6 and into fifth place in the Gateway.

Southern's 60-42 lead was the largest margin of the game and made it difficult for Eastern to come back.

"Ann Katreh made some great plays in that period, and Southern went to a zone defense. We had a series of shots that just didn't go in, too," Hilke said.

The Panthers fell behind early in the first half as Southern jumped out to a 7-0 lead, but Eastern scored seven straight points to tie the score.

The Salukis managed to open a 19-9 lead with 10:40 left in the half only to see Eastern cut it to 16 on center Brenda Webb's turnaround jumper.

Southern led Eastern at the half 31-26. Panther guard Barb Perkes scored 16 of her career-high 27 points in the first half and was largely responsible for rallying Eastern.

"I think it's indicative of her personality. She rises to the occasion when the game is on the line and is extremely competitive. Her 27 points against quality competition shows me a lot," Hilke said.

The game was played in front of an energetic crowd of 1,411. Hilke believes the huge crowd not only helped Southern's play, but also Eastern's play.

"I think the crowd was great. I thought they were appreciative of our good play as they were of Southern's good play. I thought they were true fans," Hilke said.

The Salukis were led in scoring by forward Ann Katreh who had 20 points. Forward Bridget Bonds pulled down eight rebounds to lead the Salukis.

Southern shot a blistering 60 percent from the field in the second half and 53 percent for the game.

The Panthers received another fine effort under the boards from center Laura Mull who hauled down a game-high nine for Eastern.

"I think Laura did a good job rebounding for us" (See SOUTHERN, page 14)
